Dear Roscoe:

I am enclosing bill of sale covering the machine you recently sold with the name of the purchaser left in blank which you may fill in.

We got over the "hump" all right on the first of the month but only for a 30-day period and I am still in very bad need of assistance.

I wonder if in the meantime you would be kind enough to give me a one year extension on our arrangement which expires December 31st of this year?

The two boys riding across country left Kansas City this morning and should be in Chicago in the next couple of days. I am asking them to get in touch with you upon their arrival.

If anything develops of interest, I will be very glad to hear from you.

Sincerely yours,

E. F. SALSBURY.
